

Lake and Pond Antifoam

Avir Natural Water Antifoam reliably knocks foam down quickly and makes this type of upset in lakes, ponds or water features easy to control.

Avir Natural Water Antifoam is a safe, water-based emulsion that provides long-lasting defoaming persistence in a variety of aqueous applications. The active ingredients lower interfacial surface tension in a water body to deflate the gas dispersed in it, so it simply makes foam go flat.

By choosing environmentally responsible *Avir Natural Water* Antifoam, you can feel secure about using it every time you see a hint of foam.

- Fast-acting formula
- Fish and plant friendly
- Food-grade ingredients are used in food processing
- Safe for regular use
- Can be used to treat a whole water body or just an isolated area
- Utilized by professional applicators

Lake and Pond Antifoam Application Guidelines

Application Rate

(1 acre foot = a surface acre 1' deep or 326,000 gallons)

Whole Lake or Pond: 1 gallon per acre foot of volume (3.0ppm)

Follow application directions under "For Optimum Results"

For Optimum Results

- Use only as directed
- Shake thoroughly before dispersing
- Dilute dose with enough water to topically spray or add to water body
- Wait 5 full minutes to see full effect of treatment
- Increase or decrease dose as needed to control foam
- For persistent foam or foamy areas, use an automatic feed pump

Technical Specs

In Use pH Range:.....Neutral

Solubility in Water.....Dispersible

Odor.....Bland

Appearance.....White liquid emulsion

Packaging, Handling and Storage

| Size | Package | Dimensions (LxHxW) | Weight |
|---------|---------|--------------------|---------|
| 1-gal | 4/case | 15" x 10" x 10" | 39 lbs |
| 2.5-gal | 2/case | 14" x 9" x 15" | 48 lbs |
| 5-gal | pail | 12" x 10" x 15" | 48 lbs |
| 55-gal | drum | 24" dia. x 36" H | 475 lbs |

Store this product out of direct sunlight in a cool dry area. For best results, use within 12 months. Request an *Avir Natural Water Antifoam* MSDS for more specific information.
