

Grease Trap Cleaner & Deodorizer

Avir Natural Clean Grease Trap is a cleaner, deodorizer and grease trap maintenance product all in one.

Avir Natural Clean Grease Trap utilizes a proprietary blend of surfactants and enzymes which emulsify grease and degrade food wastes. This molecular breakdown of complex sugars, fatty acids and proteins is so effective that grease, oil and other food particles do not reform. This process keeps traps free flowing, neutralizes odor and optimizes grease trap capacity.

Avir Natural Clean Grease Trap's ability to accomplish these three tasks simultaneously makes it the most cost-effective additive available.

- Oil and grease will not reform
- Minimizes pumping
- Maximizes capacity of existing grease trap
- Valuable three-in-one grease trap cleaner, deodorizer and maintenance product

Grease Trap Cleaner & Deodorizer Application Guidelines

Directions

Feed 16 ounces per 500 gallons of grease trap volume daily

For Optimum Results

- Pump and clean excess grease and solids from trap before starting program
- Mix with warm water when possible
- Increase dwell time in the trap for continuous remediation
- Install an automatic feed system to regularly feed product daily during low usage periods or after shutdown
- Use Avir *Natural Clean* Drains for your regular drain maintenance program and do regular cleaning with Avir *Natural Clean* Floors or Hard Surface.

Technical Specs

pH range: 3.25-4.20
Fragrances: None added
Appearance: Translucent amber liquid

Packaging, Handling and Storage
