

Avir Natural Pool & Spa Applications

Liquid Enzyme Water Park Treatment

Avir Natural Pool & Spa Liquid Enzyme Water Park Treatment, formulated specifically for indoor/outdoor water parks, naturally cleanse water by removing solids and organic material.

Most water treatment chemicals treat only the symptom of the problem. *Avir Natural Pool & Spa* Park Water Enzymes utilize specifically chosen safe surfactants to loosen oil and grease and a broad spectrum enzyme concentrate to digest body oils, lotions, urine, feces and other organics.

Avir Natural Pool & Spa Water Park Enzymes enhance the natural process allowing for safer removal of this organic material before it has a chance to cause problems with water clarity, excess slime and algae growth, scum lines and human health issues.

Avir Natural Pool & Spa Water Park Enzymes improve the success of other water park treatment chemicals and enable you to use less of them. It helps stabilize pH, reduces upsets and improves overall water quality.

- Super concentrated formula improves water quality
- Washes away algae, slime and scum
- Fewer water upsets
- Eliminates chemical odors

Avir Natural Pool & Spa Applications

Liquid Enzyme Water Park Treatment Application Guidelines

Commercial Application Rate

Maintenance: Add 10-20 ounces per 10,000 gallons of pool water capacity weekly.

For heavier than normal bather loading, double the weekly dose.

Open, close or upset: Add 20-40 ounces per 10,000 gallons of water capacity.

For Optimum Results

- Continue normal use of pool sanitizer; normal "shock" routines will not adversely affect this product
- Inject product continuously with a peristaltic pump or mix the dosage manually with a bucket of pool water and spread evenly over surface.
- May be mixed directly with many other pool products but it is NOT to be applied at the same time as sanitizers
- Apply when water temp. is 50-110° F; pH is 6-8; alkalinity is less than 100 ppm
- Increased dosage may be required during heavy traffic periods

Technical Specs

In Use pH Range:.....Neutral

Solubility in Water.....Soluble

Odor.....Mild

Appearance.....Clear amber liquid

Packaging, Handling and Storage

Size	Package	Dimensions (LxHxW)	Weight
Quart	12/case	14" x 10" x 10"	29 lbs
1-gal	4/case	15" x 10" x 10"	39 lbs
5-gal	pail	12" x 10" x 15"	48 lbs
55-gal	drum	24" dia. X 36"H	475 lbs

Store this product out of direct sunlight in a cool dry area. For best results, use within 12 months. Request an Avir *Natural Pool & Spa* Liquid Enzyme Water Park Treatment MSDS for more specific information.
